JSW J35AD-15H

Injection molding machine

DAINA-JAPAN#000010 | Factory, Japan

Manufactured: December 2012

Power supply: 200 V / 220 V

Frequency: 50/60 Hz

Location: Factory

Price and shipment terms: on enquiry

Nameplate specifications

Machine type	Injection molding machine
Manufacturer	The Japan Steel Works, Ltd.
Nameplate model	J35AD-15H
Type	HS10-R00-M20-E00
Manufactured	December 2012 (nameplate)
Clamping serial number	212801169169
Injection serial number	212806079079
Job number	MM120013
Power supply	200 V / 220 V
Frequency	50/60 Hz
Country of manufacture	Japan
Pictured equipment	Take-out robot, separate controller and machine mounts; included equipment to confirm

Specifications transcribed from the supplied manufacturer nameplate. Factory location confirmed by owner. Clamping force, shot capacity, screw diameter, tie-bar spacing, mold dimensions, machine weight, operating condition and included accessories require confirmation.
